NEW YORK, Sept. 21.—A special dispatch from Shanghai says:

"The treasure captured at Ping Yang amounted to $3,000,000."

Japan's Fleet Little Hurt.

LONDON, Sept. 21.—Dispatches received here to-day from Shanghai say that the total number of the Chinese fleet engaged in the battle fought off the mouth of the Yalu river was twelve warships and four torpedo boats. The Japanese fleet, it is added, was composed of seventeen ships, some of which were small war vessels. The Chinese claim to have sunk the Japanese warships Abushima and Yossina and a Japanese transport which had been converted into a cruiser and named the Saiko.

SHANGHAI, Sept. 21.—A telegram from Yokohama has been received here confirming the reports that the Japanese were victorious in the battle in the Yalu river. It says that three Chinese warships were sunk and that one was burned.

The dispatch adds that the Japanese fleet sustained no damage.

Citizens Declare that There Is No Foundation for Complaints.

ST. After a full conference between the commission and the people of Hinckley, the people expressed themselves as satisfied with the work being done. The work of rebuilding is under way, and Hinkley citizens expect soon to have a better town than before the fire.

The relief committee at Pine City last evening passed resolutions thanking the people throughout the country for their kindness and liberality.

LOW RECORD IN WHEAT.

December Option, Under Hammering by Bears, Drops to 58 3-4.

NEW YORK, Sept. 21.—The feature of the wheat market yesterday was the breaking of the December option to a new low record—58¾ cents. The previous lowest price for this month was 59⅜ cents, made late in July, and it was believed then that this figure would not be broken, at least this year. Local traders were nearly all bears. When corn was booming at the rate of 5 to 7 cents a day some time ago on crop scares wheat followed along leisurely with advances of 1 or possibly 2 cents, but now that corn is going down wheat is a close second, and, while corn is a good way from the bottom, wheat has broken through. The market is being manipulated by speculators.

Of this the Lehigh Valley firemen who are still idle from the strike are given $12,000 outright. There are yet 196 idle out of 805 strikers. Resolutions of thanks all around were adopted and the position of the Brotherhood of Engineers defined as follows: "Resolved, That we demand on the part of other organizations not to interfere with the members of the Brotherhood of Locomotive Firemen while working under our contracts, and it is the sense of this body that so long as we are not asked to perform work outside of our particular line of duty we will comply with any agreement entered into with any railroad company."

ECKELS ON VALUE OF CURRENCY.

Must Be Unvarying to Do Good—No Sentiment in Money Laws.

CLEVELAND, Ohio, Sept. 21.—Among the speakers yesterday at the fourth annual convention of Ohio Bankers' association was Comptroller of the Currency James H. Eckels. After reviewing the history of the national banks, and declaring that the system under which they were conducted was the best that could be devised and one which would be changed only when circumstances made a change necessary, Comptroller Eckels said that the problem to be met to-day was how to secure a more elastic currency and still maintain it solely upon bonds deposited to secure the same. The serious difficulty in the way was the idea to which so many of the people clung that it was essential to the people's prosperity that there always be a large volume of money regardless of its representation of intrinsic value. He then said:

Our colonial history is replete with attempts to make the people rich through a great volume of currency which had neither representative nor intrinsic worth. It is a history of financial failure and distress. Later under the articles of federation, is recorded the same attempt and the same series of failure and financial loss. There is scarcely a state in the union before the war but whose history was marked by efforts to enrich a people through such currency. If the results of such attempts were so prolific of ruin to the people then, why will they not cause equal ruin now? The laws of political economy do not change with changing ages or changing people, and the same causes find fruition in the same effects whether the century be the eighteenth or nineteenth, the government colonial or republican.

There was no sentiment embodied in the laws of money and no matter how great may be the volume of currency if each and every dollar of that currency is not of value to pass current in the world of business it can not add to the blessings of the people. To be productive of the people's good it must, whether of gold, silver or paper, in the very order of things, be of unquestioned and varying value, and when called into requisition discharge, without the aid of legal tender acts at home or abroad, the obligations of the holders.

But with such a currency our people have yet much to learn, and most important is the lesson that no matter how abundant it may be it will not find its way to those who are wanting in credit. It can give no relief to those who have neither the means to pay the obligations, or having it cast suspicion upon their willingness to maintain their financial integrity by making their abiding places the home of all the financial vagaries which are bred by those who have no property of their own arnd are unmindful of the property rights of their fellows.

WHISKY TRUST CBISIS.

Belief at Peoria That Officials Would Not Oppose a Receivership.

PEORIA, Ill., Sept. 21.—The belief is growing among those who know something of the inside workings of the whisky trust that a crisis is rapidly approaching and that some of its officers would not care much if it were thrown into the hands of a receiver. This belief is heightened by the presence here of the officers of the American Distributing company of New York, who have come to make an investigation of the safety of the rebate vouchers. They have been in consultation with Sam Woolmer, whose new distillery, the largest in the world, will be ready for operation next month, and which alone can supply all the demand in the present condition of the trade. It is possible that a deal may be made with him and the trust left out.

There are two incidents bearing on the case: A settlement between the two for a year's work was nearly due; Price and his wife have lived unhappily and were about to separate.

AGAINST MAYOR BEMIS.

Impeachment Case at Omaha, Neb., Is Making Slow Progress.

OMAHA, Neb., Sept. 21.—In the Mayor Bemis impeachment case yesterday all members of the fire and police commissioners were examined. The first witness was Howard B. Smith. He had attended meetings of the board when resolutions looking to the closing of gambling houses were introduced. These resolutions were introduced during the years 1893 and 1894. The 1893 resolutions were prevented from passing, owing to the votes of Mayor Bemis and Commissioner Hartman and Gilbert. It is no secret that the mayor did not believe in attempting to suppress gambling in this manner. He insisted the law made it the duty of the state authorities to prosecute gamblers. Other evidence was given against Major Bemis, but his friends claim it can all be explained.

Later the prisoners were allowed to send word to their friends that the brigands demanded no pursuit be made until a ransom was paid. OFFICIAL FIGURES SHOW UP THE ES

THE FALSE CLAIMS OF DEMOCRATS EXPOSED.

Increased Expense In All Departments of the State Government—Nearly All the Money Received From ex-State Treasurers Squandered—Clerks at Double Pay.

At the state convention of Republican leagues held in Milwaukee the 19th inst., Hon. B. A. Taylor, of Madison, made a speech relating to the management of state affairs by the present administration. He denied that economy had been practiced, and asserted that the most reckless extravagance had prevailed, and he cited the figures from the secretary of state's reports to prove the absolute truth of his assertions. He took in detail the leading items in the expense accounts of the last three years of republican rule, 1888, '89, 90, and the three completed years of democratic rule, 1891, '92, '93. These figures show an enormous increase of expenses by the democrats in every department of the state government. He completely exploded the ludicrous claim of democratic economy by simply comparing the expense accounts of the two administrations. He showed beyond controversy that the reduction of the state tax levy this year, was not owing to money saved, but to an extraordinary income, which was never before and will never hereafter be received. The figures presented by Mr. Taylor, and they are all taken from the official records, and their correctness therefore undeniable, show beyond the possibility of controversy that the democrats, instead of practicing economy as they claim to have done, have increased expenses hundreds of thousand of dollars, squandering nearly the whole amount received from the ex-treasurers. We subjoin a few extracts from Mr. Taylor's speech:

I stand here to say to you, Mr. Chairman and gentlemen, and to the tax payers of the state, that this administration has never saved the people a single dollar. On the contrary, the undisputed figures of the public records show that it has been characterized by extravagance and waste rather than by care and economy. Every department of the state government, barring the secretary of state's office, has expended more money under three years of democratic rule than was ever expended by the same departments under three years of republican rule. All of the state penal and charitable institutions, such as the hospitals for the insane, the schools for the deaf and blind, etc., have cost moreunder democratic than they ever cost under republican rule. The members of the board of control, and regents of normal schools and other officers have been allowed larger expense accounts under democratic than under republican rule. It has been the same story everywhere, in every branch of the state government.

Now, before I present to you the official figures of expenses incurred respectively by the republican and democratic administrations to substantiate the statements which I have made, I wish to call attention to the unfairness and mathematical jugglery employed by the democrats to deceive the people. In the first place they compare the state tax levy of this year, when owing to a large and unusual income there is a great amount of money on hand, and so only a small tax is required, with the tax of 1890, when there was no money on hand, and the usual tax levy was necessary. This is simple trickery.

This comparison they make is a very transparent fraud. But the most monstrous effrontery is the pretension that the money in the treasury has accumulated there as the result of democratic economy. It has come, not a dollar of it, from reducing expenses, but from an extraordinary income. The democrats have not by exercising economy, paid out less money than did the republicans, but from unusual sources they have received more. This extra money came from the ex-treasurers, $327,902.55; the refunding of the direct war tax, $89,466.10; the interest on deposits, $46,644.78; and increased receipts from the railroads and other corporations, $570,000. The total of these unusual amounts received in the last two years is largely in excess of the money now in the treasury, $742,570.00. Had not these extra amounts been received, the tax levy for this year would have been fully up to the average for the past three years of democratic control, and and much larger than the average under the last years of republican rule.

Mr. Taylor then submits the following figures, taken from the published reports of the secretary of state, showing the comparative expenses under three years each of republican and democratic rule:

State Hospital for the Insane: Expenses, 1888, $103,824.19; 1889, $82,-813.44; 1890, $105,675.15. Total for last three republican years, $292,312.-78. Expenses, 1891, $101,167.47; 1892, $96,436.14; 1893, $113,333.44. Total for three democratic years, $310,937.05. Democratic increase, $18,624.27.

Northern Hospital for the Insane: Expenses, 1888, $110,310.29; 1889, $113,606.49; 1890, $105,675.15. Total for last three republican years, $329,-591.93. Expenses, 1891, $120,582.23; 1892, $118,894.81; 1893, $114,093.59. Total for three democratic years, $353,571.63. Democratic increase, $23,979.70.

School for Blind: Expenses for 1888-9-90, the last three republican years, $64,073.13. For 1891-2-3, last three democratic years, $82,420.18. Democratic increase, $18,347.05.

School for Deaf: Expenses for 1888-9-90, $120,230.06. For 1891-2-3, $112,804.69. Democratic increase, $7,434.37.

Industrial School for Boys: Expenses for 1888-9-90, $140,588.42. For 1891-2-3, $168,334.50. Democratic increase, $27,746.08.

State Public School: Expenses, 1888-9-90, $110.883.27. For 1891-2-3, $130,730.59. Democratic increase $19,-847.32.

Net expenses by the democrats for three years, in excess of expense by the republicans, $101,110.05. Rather a remarkable manifestation of economy. I leave the state prison out of the comparison, as nearly all its expenses are paid by the convict labor. It has cost the state only about $25,-000 for the past three years.

Our democratic friends may seek to explain these very embarrassing figures by claiming that the state is growing, that these public institutions are growing also, and therefore it costs more now than it did a few years ago to maintain them. This is not the fact. The average number of inmates in our charitable and penal institutions was no larger during the years 1891-2-3 than for the three previous years. Here are the figures taken from the official returns of the board of control having charge of the institutions. In the state hospital the average number of inmates for the years 1888-9-90 was 486; for the years 1891-2-3, 525. In the northern hospital, average number of inmates for 1888-9-90, 630; for the years 1891-2-8, 627. In tha school for the blind the average for 1888-9-90, 83, for the years 1891-2-3, 83. School for the deaf and dumb, average for 1888-9-99, 193: for 1891-2-3, 175. Industrial school for boys, average for 1888-9-90, 391; for years 1891-2-3, 345. State school, average for 1888-9-90, 193: for 1891-2-3, 240. Taking them altogether it will be seen that the average has not ihcreased.

For clerk hire in the state offices the republicans expended for the years 1888-9-90, $157,810.97. The democrats expended in the years 1891-2-3, $165,339.28. Democratic increase, $7,528.21.

For labor about capitol, the republicans expended for the years 1888-9-90, $120,675 95. The democrats expended in 1891-2-3, $141,946 63. democratic increase, $21,270.68.

For transient laborers the republicans expended in the years 1888-9-90, $9,922 49. The democrats expended in the years 1891-2-3, $32,143.61. Democratic increase, $22,221.12.

For incidental expenses the republicans expended in the years 1888-9 90, $47,262.84. The democrats expended in the year 1891-2-3, $66,734.66. Democratic increase, $19,471.82.

This is but a partial showing. As I have said, I have omitted many items, which if included would largely swell the aggregate. But taking only these it appears that the democrats. instead of practicing economy as they agreed to do and now falsely pretend that they have done, have, as a matter of fact, expended, in excess of what the republicans expended in the same time and for the same purpose, the prodigious sum of $228,802.64.

Were there to be added to this the increase in the other items which I have omitted, the total would be more than $300,000, or nearly as much as has been thus far received from the ex-state treasurers. So it appears that after all the bluster about the treasury suits, that the tax payers have received little benefit from them, as the democrats have squandered in other directions nearly as much as they have recovered from the treasurers. This is precisely what the figures show.

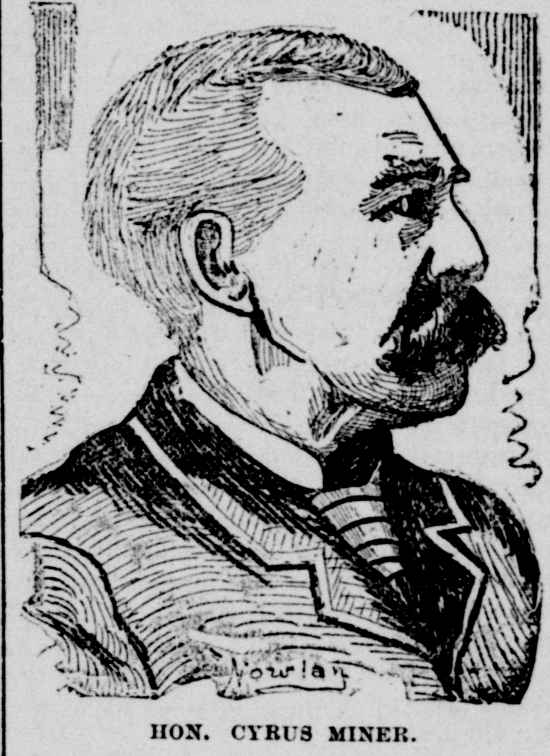
MR. MINER REFUSED TO SERVE LONGER

RETIRES AS TREASURER OF THE STATE FAIR.

M. R. Doyon Was Chosen To Succeed Him But Only After He Was Assured Positively By Mr. Miner that He Was Not a Candidate For the Position.

After seventeen years of faithful service in which he has discharged the duties of his office in an exceptionally business like manner Hon. Cyrus Miner retires from the board of officers of the Wisconsin State Agricultural society and is succeeded by M. R. Doyon, the Madison banker, who consented to be a candidate only after Mr. Miner had positively declined a re-election. Mr. Miner has handled thousands of dollars for the society and there has never been a difference of even one cent in the balance of his books. In retiring Mr. Miner made a farewell address in which he said:

"While declining to be a candidate for reelection, I cannot permit the present opportunity to pass without begging the privilege of saying a



HON. CYRUS MINER.

few words personal to myself. I trust you will not deem me vain and boastful in what I may say, as I certainly have no thought of the kind. Seventeen years ago at an annual meeting of this society, a committee was appointed to nominate its officers. The adopting of the report of that committee made me your treasurer. From that to the present time the formality of balloting for treasurer has been dispensed with, and I have been reelected each succeeding year virtually by acclamation, without any solicitation or effort upon my part. To say that I deeply appreciate your action, and do tender to you my sincere, hearty thanks for the confidence you have reposed in me, but feebly expresses my sentiments. I have endeavored faithfully to perform the duties devolving upon me, to carefully and honestly handle your funds, to do all that would in my judgment tend to advance the interests of our society, whether to your satisfaction or the reverse, you must be the jury. It is a source of satisfaction to me to be able to state that during that time nearly $600,000 of your money has passed through my hands, and I have no recollection or knowledge of the loss of a dollar, excepting a trifling amount only of counterfeit money taken at the gates. I consider this a remarkable record, taking into account the risks and dangers that have surrounded me at every state fair. It is a record that affords me much pleasure, and one of which I am proud.

"I confess to a shade of sadness as I see many, very many of those with whom I have associated, and around whom cluster pleasant memories of the past, and realize that those relations must now be severed, that our path must now diverge. I can say truthfully in extending the parting hand, that I have none but the kindest feeling for each and every member with whom I have been brought in contact; that I will retain a lively interest in all that pertains to the welfare of our society, and will never forget the manifold acts of courtesy and good will shown to me so long as reason asserts its sway, and my heart continues to beat."

The Sentinel pays Mr. Miner a compliment by saying. "A notable feature of the meeting was the retirement of Cyrus Miner, who for seventeen years has been the treasurer of the society, and whose long and useful service to the society is deeply appreciated by its members."

T. J. Flemming, of North Greenfield, was elected secretary to succeed T. L. Newton, although E. B. Heimstreet made a good showing.

KELLOGG WON MANY FAIR PRIZES.

The State Show Netted Him Twenty-Four Premiums Yesterday.

George J. Kellogg won an even two dozen premiums at the state fair yesterday, getting six awards on fruits and flowers and eighteen prizes on grapes. Hadden, Scott and Mouat also did well, they receiving an additional first premium, the blue ribbon being tied on their representative in the class for English shire of four years and over in age. Janesville people seem to be getting their share of the awards.

Dance at Clear Lake.

The social dance at Clear Lake Inn to-night will be one of the best of the season. Extra efforts have been made to entertain the people. Smith's full orchestra from Janesville will furnish the music. Quite a number will attend from Janesville, and participate in the festivities.

CHARLES HORN FOR THE ASSEMBLY

Ex-Street Commissioner Apparently Controls the Democratic Leaders.

The Recorder appears to be taking more than usual interest in the campaign for assemblyman, but expresses no interest as to who the democratic nominee will be. 'Tis said that Charles Horn has an eye open for the place, and that he has almost a "cinch" on it. But the Recorder and its democratic friends need not worry, for the next assemblyman from this district will be a republican.

A Musical Dinner Service.

By way of a London paper it is learned that an American woman has lately received what must be termed the most original of wedding presents. It is a musical dinner service of which each plate begins to play a tune when put upon the table. The soup plates are accredited with marches as suiting the temper of the guests at that moment of solemnity, but as the dinner progresses and the wine and courses do their enlivening work, the harmonies brighten accordingly, till at dessert the covers are ringing out the maddest of polkas and galops.

"HOSS FANS" READY FOR A WEEK'S SPORT

STATE FAIR RACES ARE OF INTEREST NOW.

As Nearly the Same Field of Flyers Will Be Here—Dolly H. Forces Milton Out In Three Fast Heats—The Results Reported From Other Towns.

Much interest in Janesville centers on the Milwaukee races, as most of the horses who are competing there, will be here next week. For the same reason, Bower City "hoss cranks" are keeping close watch of other trotting events to see if they can get a "tip" in advance of what some horse who will start here can do.

Janesville horses set the pace at Milwaukee yesterday, E. F. Carpenter's Dolly H., winning the first heat in the 2:21 trot and forcing the winner, Milton, out in the next three, making him trot in 2:18½. John C. Chadwick had Kate Phallamont in the race and she sold favorite but could not win. The race between Dolly and Milton was very close, the Janesville horse being beaten only by an eyebrow in every heat which caused the crowd to cheer. Dolly got second money and Kate Phallamont got fourth. Glenmore, Garnishee and Bezant also competed and the whole field will meet again here next week in the 2:20 class.

The 2:22 pacing race was won by Lizzie Mack, a horse who is not entered here, but Toxie R., who won second money; Henry H., Peerless, Basel Cossack and Franklin G., who were competitors, will be in the Janesville 2:24 class.

Two Strike Couldn't Win.

Two Strike, the grey pacer who won a heat in the Janesville free-for-all, was in the 2:12 pacing class at Galesburg, yesterday; but Seal, Vassar and Doc Sperry were too fast for him, and all Fullegar could do was to get his entrance money back.

Two horses who made good showings here were turned down at Tiffin, Ohio, yesterday. Tod Crook, who won the 2:20 pacing purse here in 2:18, won fifth place in 2:11¾, and Norvin G., who won a heat in the 2:28 class here was behind the money in the 2:25 class

Wheeler F., the pacer who won the 2:15 purse here in 2:13¼ did the same thing at Rochelle, Ill., yesterday except that he only had to go in 2:15.

Possell, the Land Pilot gelding, who won the 2:24 class purse here in 2:18, was ahead of them all at Dubuque yesterday, beating St. Louis and Mollie Sprague, both of whom were in the 2:16 class here. The best time was 2:16¾.

Choral, the bay C. H. Clay filly, owned by O. J. Phelps, who got seventh place in the three-year-old-three-minute pacing class here last June, has developed plenty of speed since then. Here she was next to the last in 2:21½ but yesterday at Dubuque she won the 2:15 pacing purse in three straight heats the best time being 2:15¼.

Stout String at Dubuque.

Miner, a bay horse by Nutwood, who got third money in the 2:28 class trotting, did the same thing at Dubuque, but the time was a record or so faster, 2:18½. Carrie W., who was handled by the same driver, Kelly, on the Janesville track last June, got fourth money in the '20 pacing class, while here she won second prize in the 30 class by winning a heat. Meacham, who is handled by Possell's driver, Fitch, was in the same race and won a position lower than Carrie. He started in the 19 class, here.

Jennie Toombs, owned by William Stone of Clinton, and driven by Joe Bassett in a Janesville race last June started at Warren, Ill., yesterday and got third money. The best time was 2:30. The mare got third place in 2;22¼ here.

Jack Riley who won the '30 trotting class purse here in 2:23½ won third prize at Green Bay yesterday in 2:20, he being defeated by Prairie Lily, a colt that was entered here last June but did not start.

Janesville horsemen are much interested in the match race between John R. Gentry, 2:03¾ and Joe Patchen 2:04, which will come off a Galesburg next Saturday.

MADE OVER GOWNS.

How to Make Them Attractive at Little Expense.

To remodel an old evening dress for ordinary use add a deep basque, full if one is slender, slightly gathered if the opposite. Such a basque is extremely pretty in lace, plaited surah or plaited silk muslin, and at once renews the youth of the toilet. Lace blouses made with long basques are also worn by the economical over old gowns of a bright color and smarten them up wonderfully. Overskirts and blouses of light jetted lace also renovate old silks, whatever their hue. To successfully fill up the decolletage and turn a ball gown into a serviceable demitoilet buy two lengths of lace or of black or white guipure, according to the color of the gown. The first should be about 1½ fingers in width, the second still wider. Take the narrower, turn up the edge to make a frill round the neck and gather it into five parallel rows at the

CHIFFON BLOUSE.

throat. The second piece, which should be deep enough to fall to the waist, is then gathered so as to form a point in the center, cut out over the shoulders, gathered and pointed similarly at the back, where it fastens invisibly. To keep all in place a Frenchwoman would sew a button on to the evening dress and secure the lace to it. The junction of the two pieces is hidden by an insertion of jet passementerie that runs round like a yoke and is crossed at the shoulders by two semibraces of the same, ending off back and front with heavy jet fringe. Ribbon to match one's belt may be introduced under the insertion, and a gown available for theater wear or for a small party is thus constructed at but little trouble or expense.

The sketch shows a simple chiffon blouse, which may be made with an old silk bodice as a foundation. The chiffon is gathered at the throat and belt and smartened by the addition of lace about the neck and on the elbow sleeves.

Baby's First Steps.

A well kept baby will walk when he gets ready. He doesn't need any lessons. Let him alone. See that his falls are broken and his hurts kissed better, but don't teach him to be a tramp. Urging a child to stand alone is an excellent way to cripple him for life. When the young bird's wings are strong, he knows it and flies off. As soon as the baby's legs are strong enough to support him, he, too, will stand up and walk off. Give him a chance.—Babyhood.

A Typewriter's Useful Dog.

Pedestrians on Chestnut street, Philadelphia, very frequently notice a very pretty young woman who is always attended by a fat, ugly pug dog. The young lady would attract more than a passing glance anywhere, says a local paper, and the dog perhaps two or three glances. The latter, however, is of some use besides being an ornament. Its owner is the typewriter of a large business house, and in this capacity prepares the extensive correspondence of the firm for the mails. The dog takes his place regularly on the table at about 3 p. m., and when the letters are ready to be stamped he accommodatingly licks every stamp and seems to enjoy the operation.

Are the prejudices which some people cherish against what is good for them. They reason, as our old friend Artemas Ward says, thusly, "So and so has been taking medicine for a long time and isn't any better." They only know of individual cases. Many could be cited, to their astonishment, in which Hostetters Stomach Bitters has brought about a complete change in the physical condition of persons suffering from general ill health. This stomachic, besides having the decided recommendation of the medical profession, is voiced by the general public as the possessor of qualities as an invigorant and restorative of health not found anywhere else. In bodily trouble caused by the liver, stomach and bowels, in instances where rheumatic tendencies are experienced, and when the kidneys are weak, it is the true resort.

Youngest West Point Cadet.

One sturdy little 2-year-old boy, presumably the child of an officer, stands on watch every afternoon, and when the cadets march up to the mess hall to the music of fife and drum, he gravely goes to meet them, his little bare legs stretched into absurdly long strides in time to the music. Arriving at the entrance of the mess hall, he stands heels together and hand to his forehead in salute until the last cadet has filed in. Then he wheels around and marches back, never falling out of military step until he reaches his own gate.

The democrats are wasting time in preaching cheap prices to the people. The people know that prices are a little cheaper upon a few articles of general consumption, and that the cheapest commodity of all is human labor, and it is just that knowledge that makes the downfall of democracy certain.

While Secretary Morton is galivanting around Europe, Hon. Billy Jay Free-coinage Bryan, congressman-editor and would-be senator, is wiping up the roads of Nebraska with the administration democrats, and Grover, the great, still spends his time trying to learn how to manipulate a cat-boat.

The scarcity of cuckoo editors may have had something to do with the withdrawal of the advertisements of uncalled for letters, which has been given out weekly for many years by the postoffices in all cities.

There is one class who may be counted upon to favor the proposed constitutional amendment, making four years the term of United States senators; the men who want to be senators.

Yes, indeed, things are getting cheaper. You can buy your wife's woolen dress goods 5 per cent cheaper and you can buy labor 25 per cent cheaper than you could two years ago.

The sugar trust is so grateful for democratic favors that it is reported to have promised not to further advance the price of sugar until after the congressional elections.

Some democrats seem to be just finding out that Mr. Cleveland wants to be nominated again, although it has been plain to most people for a long time.

Can the servant girls have formed a new political party? They are the most Independent Americans we know.

It is not so much a question of his election as it is of how big Governor Morton's majority will be.

Men Made Contracts By Showing Customers a Handsome Frame Which Was Presumably to Be Included With the Order—Brief Bits of Local News For Busy Readers.

PICTURE swindlers are working the town and Chief Acheson is after them. A number of people complain of being beaten. Some weeks ago a canvasser was in the city soliciting pictures to be enlarged. He offered his work at a very low price, at the same time showing a very handsome and costly frame. The frame was a beautiful one and invariably caught the eye. People were led to believe that this frame would be included with the picture, and many orders were thus secured in Janesville and vicinity. Yesterday afternoon men appeared in the city to deliver the pictures and collect the money. The pictures, however, were minus the handsome frames and were inferior work. The frames could be had by paying extra high prices, and parties caught by the sharpers could not see the economy of putting such worthless pictures in such expensive frames. They refused to take the pictures, but their contracts are in the hands of the sharks and trouble is promised.

He thinks it nothing to measure and inspect thirty thousand feet in ten hours. Mr. Darrow is stopping at the Myers.

THREE TICKET LAW STILL IN FORCE

CITY ATTORNEY NOT AFRAID OF A CONTEST.

The Cooper Measure, Providing For Australian Ballots, Does Not Cover Special License Elections, Mr. McElroy Declares—Meeting of the Personal Liberty League Last Night.

Another meeting of the Personal Liberty League was held last night to talk over the license election. The question was thoroughly discussed but as yet nothing tangible has developed. No papers have been filed and no announcement of the shape proceedings will take has been made.

City Attorney McElroy is not so mysterious. He said this morning, that he spent most of last evening examining the law in relation to voting on the license fee, and he was thoroughly convinced that the contest would amount to nothing.

"The law passed in 1885, in relation to this matter, has nothing to do with the last law or Australian system," said he. "The law of 1885 is very clear in details as to the ballots, and the Australian law does not repeal it, in fact does not allude to this law which was enacted for one special purpose. The ballots furnished by the clerks for the election on Tuesday were strictly in accordanee with the law, and I believe the election was conducted as regularly as any election."

"I think the saloon men are wasting money," said a high license advocate. "The saloon men have been fussing with the license laws for a long time and now I think it is time the temperance men took the matter in hand. Perhaps a movement might be successful to place the license fee at one thousand instead of five hundred. The agitation of this license question by the saloon men may be a strong lever to gain the passage of a law allowing the people to fix the sum at any figure, leaving the minimum at five hundred dollars instead of two hundred."

JOINED AT HYMEN'S ALTAR.

Phelps—Duganne.

The words that joined Frank B. Phelps and Miss Elizabeth Claire Duganne were spoken in New York yesterday forenoon at 11 o'clock. The ceremony was performed by Rev. Dr. Huntington, rector of historic Grace church, and took place in Grace church chantry, a beautiful little retreat rich in its gothic architecture and stained glass. The wedding was very quiet. Only half a dozen of the most intimate friends were present. F. B. Batchelder, the uncle of the bride gave her away and Mr. and Mrs. Will H. Rogers acted as sponsors for the groom. The bridesmaid was Miss Burleton and the best man Mr. Obrey, a prominent young New York lawyer. Mr. and Mrs. J. M. Bostwick of this city, were among the guests.

Mr. and Mrs. Phelps will reach Chicago over the Pennsylvania railway and will in be Janesville in a few days. They will spend a short time at the home of the groom's parents, Judge and Mrs. M. M. Phelps and will then return to New York. Mr. Phelps has won marked success in New York newspaper work. He holds a staff position with Dow, Jones & Co., publishers of the Wall Street News; has several important out of town commissions, and his standing and influence in Wall street journalism is attested by his selection a few weeks ago to be financial editor of the New York Recorder. To this work he takes ample training, keen insight and the thorough confidence of the men whose movements are of most importance in the financial world. His rise has been rapid, and will be even more rapid in the future—based as it is upon solid worth and marked ability.

The bride he has won is esteemed by all who have enjoyed the privilege of her acquaintance. They value her for her excellent judgment and know her as a refined, highly educated, responsive woman with artistic sense well developed. A host of Janesville people will hasten to avail themselves of an opportunity to extend good wishes to her and congratulations to the fortunate groom.

Serens lives in Stoughton, and the complaining witness, Miss Nettie Knudson resides in Jefferson county.

"LIGHTS OF THE HAREM."

They Rap Two American Tourists Over the Head With Pokers.

While the two Americans, Messrs. Allen and Sachtleben, who made a bicycle tour around the world, were in Aradan, Persia, a present from the village kahn was announced, says the Century. In stepped two men bearing a huge tray filled with melons, apricots, sugar, rock candy, nuts, pisatchios, etc., all of which must, of course, turn over to the kahn-keeper and his servants, and pay double their value to the bearers as a present. This polite method of extortion was followed the next morning by one of a bolder and more peremptory nature. Notwithstanding the feast of the night before at our expense, and in addition to furnishing us with bed clothes, which we really ought to have been paid to sleep in, our oily host now insisted on three or four prices for his lodgings. We refused to pay him more than a certain sum and started to vacate the premises. Thereupon he and his grown son caught hold of our bicycles. Remonstrances proving of no avail, and being unable to force our passage through the narrow doorway with the bicycles in our hands, we dropped them and grappled with our antagonists. A noisy scuffle, and then a heavy fall ensued, but luckily we were both on the upper side. This unusual disturbance now brought out the inmates of the adjoining anderoon. In a moment a flutter of garments and then—a crashing of our pith helmets beneath the blows of pokers and irons. The villagers, thus aroused, came at last to our rescue, and at once proceeded to patch up a compromise. This, in view of the Amazonian reinforcements, who were standing by in readiness for a second onset, we were more than pleased to accept. From this inglorious combat we came off without serious injury, but with those gentle poker taps were knocked out forever all the sweet delusions of the "Light of the Harem."

A Delicate Burden.

The expressman had just picked up an elaborately packed article. Excelsior fluttered from between the slats and the admonition "Handle with care" was painted in big letters.

"I wonder what's in here?" he exclaimed. "Something that they're mighty particular about."

"Yes," replied a fellow-workman. "Here it says 'fragile' and just under it 'breakable' and on the other side is the warnin' 'lift gently.'"

"Something mighty precious I'll bet. By jinks, I've got an idea. I know what it is."

"What?"

"A chunk of armor plate. Gimme a hand on it and fur the love of life don't jar it any more'n you kin help."

Matrimonial Item.

Mr. Fortunehunter, to wealthy but sensible old maid who has rejected him—But don't you miss a husband very much, Miss Elderly?

Miss Elderly—No, I don't miss a husband very much. I have trained my dog to growl every time I feed him, and I have bought a tailor's dummy that I can scold when I feel like it. My parrot can swear, and I have a monkey that chews tobacco. No, I don't miss him very much.—Texas Siftings.

THREE MEETINGS OF PASTORS HERE

WISCONSIM CHURCHES RALLY IN JANESVILLE.

Baptists of the State Will Gather Here October 8-9, with 300 Delegates—Date Is the Same as for the Meeting of the Presbyterian Synod.

Three of the most important of ministerial gatherings that Wisconsin will see this fall are to be held in Janesville during the next three weeks. Besides the Madison convocation, which will meet here September 25-6, and will help celebrate Trinity's fiftieth anniversary, the Wisconsin Presbyterian synod will convene October 8. The same week will see Baptist pastors flock to Janesville from all parts of the state. Of the Presbyterians there will be 150 and of the Baptists nearly 300. That means a good many visitors, but they will be cared for well. This notice was given out by Dr. Hodge to-day:

The Wisconsin Baptist State convention will hold its fiftieth anniversary with the Baptist church in this city, beginning on Monday the 8th of October and continuing until the 12th. Pastors, delegates and visitors to the number of three hundred are expected to be in attendance. Any families not visited by committee on entertainment who are willing to kindly open their doors to some of the guests, will confer a favor by making that fact known to A. F. Hall, chairman of the committee or to the undersigned.

M. G. HODGE,
Pastor of the Baptist church.

AMES SENT TO JAIL BY EXPRESS

Lone Fisherman of Koshkonong Comes Through With His Varnish Scratched

Ira Ames, of Koshkonong, was sent to jail by American Express, charges prepaid, this afternoon. He was the first shipment of the kind the company ever had.

Ames had been trying for several days to drink all the whisky in town. He had quite a roll of bills and seemed in a fair way to be held up and robbed. This afternoon the officers told him to go home or go to jail. Refusing to obey the first order, he was arrested and made a vicious fight. The express wagon came along just in time to serve as a patrol. Ames will be remembered as being the fisherman whose wife starved to death two winters ago in a hovel, near the lake.

BART AND THE BRONCHO FOUGHT

The Freight Expert Came Out Ahead But is Somewhat Disfigured.

"Bart," Baldwin is now nursing a lame arm and rubbing pain killer on his bruised body. Many years ago Bart was in Uncle Sam's cavalry service, and since that time has felt that he could ride anything that traveled on four legs. Even mules were not barred. Superintendent Moulton has a broncho with more tricks than one and the boys got Baldwin to exercise the pony under the saddle. They insist that they had more fun watching Bart exercise that pony than the First ward inspectors had with the triplicate ballots on election day. "Bart" now bars bronchos in speaking about horse back riding.

HORR, UPHAM AND SPOONER HERE

Three Good Speakers to Address Janesville Republicans This Fall.

Chairman W. T. Vankirk of the republican county committee, has received word from Chairman Thom of the state committee, that Hon. Roswell H. Horr of Michigan, is booked to address the Republican club of Janesville in the near future. Major Upham, republican candidate for governor, and Ex-Senator John C. Spooner will also address the republican club during the progress of the campaign.

The First Use of Tea.

By whom or when the use of tea for drinking purposes was first discovered, is lost in antiquity. It is spoken of as a famous herb as far back as 2000 B. C., at which time its cultivation and classification was almost as thorough and complete as to-day. Flower of Japan ranked then as it does now, the best ten in the world that sells for fifty cents a pound. It has stood the tests for years, and will continue to stand it as long as the world stands.

BIG BAGS BULGING WITH THE GRAIN

ROCK COUNTY CROP BEGINS TO MOVE.

Ten or Fifteen Teams Stood in Line Waiting for a Chance to Unload Their Cargoes at Milton—News of the County Served in Terse Bunches.

MILTON, Sept. 21—Tuesday and Wednesday the grain deliveries were booming, and at times ten or fifteen teams were awaiting an opportunity to unload. Most of it came from Rock Prairie farms The proprietor of the Richmond House has improved the front of his building by having new siding put on. Dunn, Boss & Company have been increasing the capacity of their dry goods department, by putting up a swing platform twenty feet or more in length, which will be used for storing surplus stock and relieving the crowded condition of their shelving. Miss Kittie Douglass, of Rock Prairie, was in the village Wednesday. The school are wisely cutting out the soft maples on the east side of the park. The trees are too thick and the maples are less valuable than the elms. H. R. Charles, of Lima, and Captain Knapp of Whitewater, were in the village this week. A goodly number of our citizens attend the state fair, but not as many as in past years. Small pox frightened some. Hon. P. M. Green went to Milwaukee Wednesday and had a visit with his brother-in-law, W. A. McHenry, of Denison, Iowa. Dr. J. M. Stillman was the only representative of this village at the meeting of the Republican League in Milwaukee. Miss Anna Crumb is officiating behind the counter at Dunn, Boss & Co's. during the absence of Miss Crouch. The Seventh-Day Baptist church have introduced a new hymn book with responsive readings, into their church service. Mr. and Mrs. C. S. Swan mourn the loss of their infant child. Funeral services were held Thursday. George Crosley is in Chicago to take a course in medicine. J. W. Gunning, of Friendship, was the guest of E. T. Scott this week. The Randolph house on College street is being roofed with steel. C. K. Plumb took a goodly number of premiums at the state fair on his display of flowers.

HAT PIN CAUSED A COW'S DEATH

Peculiar Cause of the Decease of a Milton Junction Animal.

MILTON JUNCTION, Sept. 21—James McCulloch lost a fine cow this week. A hat pin was found penetrating her heart. Sumner Gilbert circulated a subscription paper for friends to purchase another cow. Our band boys are too proud for anything. They even had their pictures taken last Sunday. But they are not the only ones that are proud. The whole town rejoices with them that they won the first prize at the Rock county fair. One hundred dollars will be quite a help to the band. They will get out now and do some marching and playing where everybody can see and hear them. Dr. A. S. Maxson has a new bicycle on which he makes his rounds. Mr. and Mrs. Isaac Maris of Nortonville, Kan., are visiting George W. Buten. Mrs. Olive Price returned from her visit in Parker, S. D., Wednesday night. Frank and Roll. Burdick have traded their team of white horses to Neal Oleson of Utica. They now drive a bay. Rev. G. W. Burdick went to Utica, Monday to look after the renting of his farm there. Mr. Johnson, president of the Wisconsin conference of Seventh Day Adventists has moved here with his family from Milwaukee and are occupying the Mills house on Golden Lane. Tenement houses are getting scarce. Edith Palmer of Lima, is again attending the high school here. Mr. and Mrs. Ed. Nichols attended church at Edgerton, Sunday. Kate and Lilla Babcock of Albion, visited friends here Tuesday. Mrs. Shepherd Mills is quite sick. Mrs. Peckham is better. Kit Swaney returned from Hebron Saturday. Mrs. Ezra Goodrich has built an addition to her house for the accommodation of her mother, Mrs. I. Morgan, who will make her home with her hereafter. The lady who has been visiting Mrs. C. O. Button left Tuesday. Mr. and Mrs. W. H. H. Coon, of Utica, who have been visiting in New York for some time stopped here from Friday until Monday. Professor Borden enters school this year with a new responsibility having a small student at home who will occupy the hours not spent in the school room. In other words Professor and Mrs. Borden are the proud parents of a fine baby boy. Grey Bros. have started a new livery barn here. Mr. Grey bought three new buggies in Whitewater last week. Bert Button's new home is plastered and waiting for the finishers. E. D. Coon attended the funeral of a litile child of Mr. and Mrs. Swan at Milton Thursday. Mr. Buchta of Jefferson, is clerking in Dr. Oviatt's drug store. Mrs. Pelbin of Missouri and Mrs. Jones of Clinton Junction, Wis., are visiting their brother Will Gates. Mrs. F. M. Coon of Edgerton, visited her aunt, Mrs. Buten, Thursday. Mrs. John Stockman is reported as very sick. Mr. Tickmars' baby has been quite sick the past week. News has been received here of the death of Mrs. Abbie Livermore, a former resident of this place at Los Angeles, Cal. Rev. Summers will preach his last sermon before conference next Sunday. The conference meets this year at Fort Howard. Mr. and Mrs. George K. Butts invited about forty friends of their little daughter Dora, to help her celebrate her seventh birthday last Monday evening. The little folks had a fine time. Ice cream was served and Miss Dora received many nice presents. Deacon Severance is moving his family to the "Meed" house across the Northwestern track

Notes From Porter.

PORTER, Sept. 21.—Owing to the scarcity of milk the Eagle factory has been closed until the spring of '95. There were slight frosts in this vicinity last week. The population on Prairie avenue is increasing rapidly. This week it is a daughter at the home of Mr. and Mrs. Will Barret. All are doing well. Mrs. Earle is preparing to leave for Kansas to spend the winter with her daughter. John Sweeney spent last Sunday in Union. The Latter Day Saints of Southern Wisconsin are to hold a conference in the Wilder school house in the near future. Mr. and Mrs. Dan Kennedy's child is very low. Mrs. Fay of Iowa, is visiting relatives here. Mrs. Will Nichols and sister Gertie leave next Tuesday to visit relatives in Iowa. Dan Murphy of Oregon, made a pleasant visit here a few days last week.

New Houses at Afton.

AFTON, Sept. 21—With excavating, and laying the foundation walls for Mrs. L. N. Miller's new residence, and the carpenters at work on the new George Sims dwelling, the north part of town presents a lively appearance. The I. O. G. T. are planning an entertainment for a date in the near future. Afton's school is again at work, having opened Monday, with Frank P. Starr in command. Warren M. Kleber has gone to Wausau, Wis., to serve at that station as telegraph operator for the Chicago & Northwestern Railway for a few days. Miss Nellie Rathbun, of Beloit, spent Sunday with Afton friends. E. W. Sims, a former resident of this place but now living at Madison, Nebraska, is visiting relatives here. C. H. Gilbert, of Antioch, Ill., at present visiting in Janesville called on Afton friends Tuesday.

Morton's Four Wigs.

Levi P. Morton wears four wigs a month, graded so that each one is a shade longer than the other, according to the San Francisco Argonaut. It is said that any recommendation from an acquaintance to the effect that he should get his hair cut always touches a soft and receptive spot in the ex-Vice-Presidential heart.

Missouri is one of the best farming states, and here the soil, timber, grasses, water, fruit, climate and natural advantages are not excelled anywhere in the union. Dr. St. John resides in northern Missouri; Dr. Loomis just traveled through it and says the country and crops are fine. Will sell for what the land is worth and throw in the buildings, and take a small farm in Wisconsin as part pay. This is a bargain some man must have.

BRIEF BITS OF HUMOR.

A Mistake Somewhere.

A lady who has recently returned from a Mediterranean trip says that as the ship was leaving the harbor at Athens a well-dressed lady passenger approached the captain, who was pacing the deck, and pointing to the distant hills covered with snow asked:

"What is that white stuff on the hills, captain?"

"That is snow, madam," answered the captain.

"Now is it, really?" remarked the lady. "I thought so, but a gentleman just told me it was Greece."—Argonaut.

A Willing Mercury.

First Boy—Wot's the rush?

Second Boy—I heard pa invite an old friend to dinner, and I'm hurrying home to tell mamma.

"Did y'r father send yeh?"

"No."

"Then wot you runnin' y'rself to death for?"

"'Cause, if mamma knows company is comin', we'll have a better dinner."—Good News.

Both Probably Right.

The discussion over Johnny's failings had reached the stage of personalities.

"It's easy to see, madam," vociferated Mr. Chugwater, "which side of the house the boy gets his temper from."

"It is, Josiah," replied Mrs. Chugwater, "and it's likewise easy to see where he gets his inability to control it."—Chicago Tribune.

A REASONABLE SUGGESTION.

One of Them (wading)—Oh, dear! Oh, dear! Here comes a man. What *shall* I do?

The Other One—Oh, just lift your dress a little higher, and imagine you are in a bathing suit.—Brooklyn Life.

Tough Times.

Rural Manager—My season has been a failure, my folks are starving, and I should like to engage you to play Othello for a week.

Barn Stormer—With pleasure, if your terms suit.

Rural Manager—Well, I will give you fifty per cent. of all the vegetables that are thrown at you.—N. Y. Weekly.

A Satisfactory Arrangement.

Committeeman (Dugout City)—The prisoner says he thinks he'd like shootin' better than hangin'.

Judge Lynch—Well, most of us would rather see a hangin'. We'll string him up first and shoot afterwards, and then we'll both be satisfied.—Life.

Just the Thing.

"We are getting up a concert for the benefit of the church. Won't you take tickets?"

Mrs. Sharpe—My husband refuses to go any place where there is to be music.

"How lucky! This is just the kind of an entertainment he will enjoy."—Chicago Inter Ocean.

Rather Saucy.

"That new man that I employed last week," said the barber, "was not a success."

"What was the matter with him?"

"Why, a lady came in to have her hair dressed, and he asked her if she would like to have it done while she waited."—Truth.

Where Everything Goes.

Carleton—Have you ever had that "all gone" feeling?

Montauk—You bet. I have a bad attack of it ever time I go to the races.—Brooklyn Eagle.

An Inducement.

She—Your father has asked me to marry him, Bessie. Would you like me to?

Bessie—Yes, indeed. Papa says we could live so much better.—Brooklyn Life.

Not Much to Choose Between.

Jones-Brown—I've been stopping at a place in Chicago where it is fifty dollars for fifty days.

Brown-Smith—I've been stopping at a place there where it is fifty dollars or fifty days.—N. Y. World.

Cause and Effect.

"Doctor," said the maiden, "has kissing ever been known to disseminate disease?"

"Yes," said the medical man. "It frequently leads to heart trouble."—Adams Freeman.

A Hint to Farmers.

"Why don't you feed your pig to-day, John?"

"Because I don't want her to be too fat, and by feeding her only every second day I'm sure to get good streaked bacon."—Fliegende Blaetter.

Embonpoint.

Miss Boston—Her embonpoint is very pronounced, isn't it?

Miss Chicago—No; there isn't anybody in town who knows French well enough to pronounce it.—Detroit Free Press.

Very Tender, Indeed.

Barber—You have a tender skin, sir.

Customer—I did have when I came in here. You have it now.—Judge.

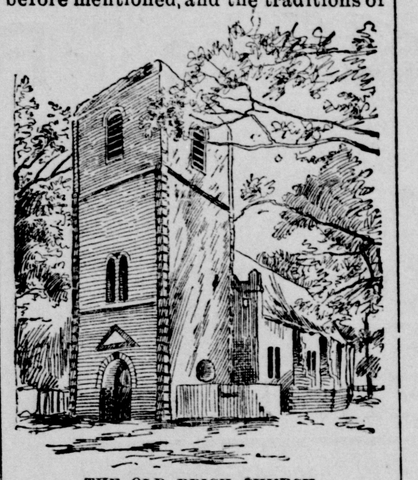
Nowadays.

It doesn't matter so much
Whether he's in the style.
Or whether he's Irish, Welsh, or Dutch,
Provided he's made his pile.

BUILT IN 1632.

An Old Brick Church in Wight County, Virginia.

In 1632, twenty-five years after the landing of the English colonists at Jamestown, in Virginia, there was built a brick church in Smithfield, Isle of Wight county. This was one of the first substantial churches built in America, and is to-day the oldest Protestant church standing on this continent. Until the early part of this century it was known as the Old Brick church, and that fact strongly implies the genuineness of its antiquity. The neighborhood tradition that the church was built in the year before mentioned, and the traditions of



THE OLD BRICK CHURCH.

the families resident in the district for many generations corroborate this. Recently the date of its building has been settled beyond doubt by the discovery of bricks in the walls bearing the date 1632. The church was in regular use from then until 1830, six generations of Virginians having attended services there. About that time it was thought to be too far from the center of the local population, and another church was built. The population has again become thick about the old church, and when the building shall have been restored and repaired it is proposed to resume services there.

THE WORKING GIRL.

Miss Sallie Palmer Gives Some Suggestions to Girls About Backache, Faintness, and Dizziness.

[SPECIAL TO OUR LADY READERS.]

Did you ever notice working girls on their way home from stores or factories?

Did you notice how many of them had pale cheeks, dull eyes, and heavy steps? and did you wonder why they were not ruddy and bright?

The story which is told by Miss Sallie Palmer, of Nicetown, Pa., gives the reason for this sad condition of many working girls.

Sometimes their back and sides will ache terribly. They are faint and dizzy with pain and weight in the lower part of their stomach. They watch the clock, and wish that the day would end, as they feel so ill and tired.

Standing all day, week in and week out, they have slowly drifted into woman's great enemy, displacement of the womb. That, or some other derangement of the organ, causes irregularity or suspension of the "monthly periods," bloating, flooding, or nervous prostration.

"Take warning in time," she says; "*Lydia E. Pinkham's* Vegetable Compound is the surest and safest remedy in the world for you."

After all, the best thing we do in this life is to wish it was to-morrow.

A man's manners are a mirror, in which he shows his likeness to the intelligent observer.

The heart is rejuvenated by well-doing, memory by exercise, and life by remembrances.

Modesty and the dew love the shade. Each shines in the open day only to be exhaled to heaven.

One reason why some people never do much good, is because they are not willing to do a little at a time.

Stern duties need not speak sternly. He who stood firm before the thunder worshipped "the still, small voice."

Harper's Pictorial War History.

It was the intention of the publishers in issuing this history to complete it in 26 parts but so many **Fine Illustrations**, that were not originally planned for, have been added to the several parts as they came out, that it has been found necessary to extend the work to one more part making twenty-seven in all This last part will conclude with a very complete and carefully prepared index of the whole work, by the aid of which any person or event in the entire history can be referred to at once. The index is one of the most valuable parts of the whole book, and doubles its worth as a practical history of the war.
